

non transparent – insulation – protective

Perfect protection for your privacy

As an off road camper or RV traveler you are living in a confined space, which makes it even more important that you feel very comfortable in it so you can enjoy your time off.

The BlidimaX window screens protect you and your vehicles in three ways: the heat through the sun, the cold in the night, the unwanted and curious voyeur. Under the support from the experienced outdoor experts, BlidimaX will continue to develop and keep its promises.

HIGH QUALITY IN EVERY DETAIL

- Strong effect through eight special layers
- Perfect shields from outside view through exact fitting measures
- Heat and cold insulation
- Proved UV protection (sun protection factor UPF 50+, very high)
- Constant inner temperature
- Comfortable atmosphere inside your vehicle
- Enhanced acoustics

Tested for your safety

The »Hohenstein institute« confirms the high thermos protection properties and awarded BlidimaX a sun protection factor of SPF 50+ which means »very high«.

BLICKDICHT Manufaktur

Blickdicht Manufaktur

Optimal visual protection for your demands of quality

The „Blickdicht“ manufactory is a family owned business in Neuss (Germany). For our customers with quality awareness, we manufacture exclusively the BlidimaX window screens with custom made sizes and outstanding qualities.

form stable – custom made – functional

Professional quality for your individual requirements

Our superior products are a result of combination from know-how experts and material specialists in off-road profession. Your **BlidimaX** window screen will match exactly to your vehicle glasses. The material is through the fabric reinforcing aluminum compound foil extremely stable in form and will fit a couple of years the same way it did on the very first day.

The extra strong suction cups are special made for our high requirement, so that there will be no negative surprise during the usage, and you can enjoy a long service life of our products.

robust – durable – outdoor quality

Outstanding functions for your outdoor experience

Outdoor quality means for us: function and durability in every detail. For **BlidimaX** we are using eight layers including fabric reinforcing aluminum compound foil, fleece, additional aluminum foil in the kernel and different layers of foam and spun bond as decorative inner edge. The thermos protection screen is through and through functional, robust and matches the expectation of campers and outdoor fans with a durable design and a pleasant inner side.

THE ADVANTAGES OF BLIDIMAX AT A GLANCE:

- **High quality materials**
- **Thorough manufacturing**
- **Long lasting and form stable**
- **Abrasion proof and scrub resistant**
- **Rustproof lugs and rings (v2A)**
- **Long living suction cups**

Custom made

According to your demands in different forms and sizes

Campers and outdoor fans are individual, which means every **BlidimaX** is diverse. Therefore we provide the thermos protections for different vehicles and window shapes with our handwork and customer-oriented service. We do care about your personal wishes, for example through the individual positioning of the suction caps to protect your badges and sticker on the windshield.

You can also choose interiors with different colors and hems up to 20 color combinations. We deliver matching bags against extra charges as well. Please let us know your requirements, we will be glad to assist you to find the right products, and answer your questions.
